

8th ESDO MASTERCLASS Novel Strategies in GI Oncology

November 8 - 9, 2024
Berlin, Germany

PRELIMINARY PROGRAMME

8th ESDO Masterclass – Berlin 8 - 9 November 2024

Novel strategies in GI-Oncology

Friday 8.11.2024

17:00 - 17:05 Welcome

Session 1: Immunotherapy

Chair:

17:05 – 17:35 Lecture: The spectrum of immune checkpoints

Immunotherapy in

17:35 – 17:55 Upper GI cancer

17:55 – 18:15 Colorectal cancer

18:15 – 18:30 Discussion

Dinner

Saturday 9.11.2024

Session 2: Microbiome and cancer

Chair:

09:00 – 09:05 Introduction

09:05 – 9:40 Special lecture: Microbiome and Cancer

Session 3: Novel strategies in pancreatic cancer

Chair:

09:40 – 09:55 CarT cells

09:55 – 10:10 Vaccination

10:10 – 10:25 locally advanced pancreatic carcinoma – surgery strategy

10:25 – 10:40 locally advanced pancreatic cancer – oncology strategy

10:40 – 10:55 Ras targeting

10:55 – 11:10 Discussion

11:10 – 11:30 Break

8th ESDO MASTERCLASS Novel Strategies in GI Oncology

November 8 - 9, 2024
Berlin, Germany

Session 4: Novel strategies in cholangiocarcinoma

Chair:

Molecular pathology of cholangiocarcinoma

11:30 – 11:45 HER 2

11:45 – 12:00 FGFR 2

12:00 – 12:15 IDH 1/2

12:15 – 12:30 Discussion

12:30 – 13:15 Lunch break

Session 5: Novel strategies in the treatment of colorectal cancer

Chair:

13:15 – 13:30 Robotic surgery of liver metastases

13:30 – 13:45 Radiation therapy of liver metastases

13:45 – 14:00 Novel drugs for colorectal cancer

14:00 – 14:15 Liquid biopsies – ready for treatment planning in CRC?

14:15 – 14:30 Discussion

14:30 – 14:50 Break

Session 6: Novel strategies outside study evidence – Molecular tumor board

Chair:

14:50 – 15:05 Setting of a molecular tumor board

15:05 – 15:30 Molecular analysis – Panels, WES, WGS Scores

15:30 – 15:40 1st case

15:40 – 15:50 2nd case

15:50 – 16:00 3rd case

16:00 – 16:20 Discussion

Session 7: Update – what is new in 2024

Chair:

16:20 – 16:30 Upper GI cancer

16:30 – 16:40 Colorectal cancer

16:40 – 16:50 Liver and biliary tract cancer

16:50 – 17:00 Pancreatic cancer

17:00 – 17:15 Final discussion and Farewell
